PRIZE LISTS
OF THE
UNIVERSITY OF GLASGOW
FROM SESSION 1777-78
TO SESSION 1832-33.

COLLECTED BY

W. INNES ADDISON,

Author of "A Roll of the Graduates of the University of Glasgow," and
"The Snell Exhibitions."

GLASGOW :
CARTER & PRATT, PRINTERS AND PUBLISHERS,
62 BOTHWELL CIRCUS.

1902.

PREFACE.

WITH three exceptions (1825-26, 1828-29, and 1832-33), the Lists contained in this volume have been collected from the advertising columns of the old Glasgow newspapers, and they are now reproduced *verbatim et literatim*, with all the original vagaries of spelling, punctuation, etc. The excepted Lists were found in the intermittent *University Calendars* of the day.

From 1833-34 to 1862-63, the Prize Lists were printed annually in pamphlet form, and a complete set of these is preserved in the Matriculation Office. From 1863-64 onwards, the Lists appear yearly in the *Calendars*. By the present issue there is thus secured an unbroken series of printed Lists for a century and a quarter. None previous to 1777 have been discovered, and it is doubtful whether any ever existed.

The peculiarities of spelling above hinted at extended to the names of students, and resulted in the same person appearing under different guises, e.g., Smith and Smyth, Stewart and Stuart, etc. Owing to the complications thence arising, it has, as a rule, been found advisable to give in the Index only one version of each surname. To save space, all persons of the same Christian name and surname have been indexed together—"Smith, John," for example, including one student of 1784, and another of 1824—and this has likewise necessitated, in many cases, the omission of middle names from the Index, as, for instance, "Young, Charles," which includes Charles William Young.
