

*Trades House of Glasgow
Trades Hall Receipt Book
27th November 1844 to 5th January 1847*

The receipt book was discovered in the Trades House Archives and transcribed as the original was in a poor condition. It was not always possible to read some of the writing and a best guess was used with some of the transcriptions.

The receipts give an insight to who and what organisations were using the Trades Halls and the cost of the rental.
