# ROLL OF HONOUR

OF

THE PUPILS AND STAFF

OF

DUNFERMLINE HIGH SCHOOL

DUNFERMLINE :

R. K. LINDSAY & ALLAN

THE ABBEY PRESS

*"We thank Thee, Lord,  
For all who sprang to answer the great call;  
For their high courage and self-sacrifice;  
For their endurance under deadly stress;  
For all who came back from the Gates of Death;  
For all who passed to larger life with Thee . . .  
We thank Thee, Lord."*

## PREFATORY NOTE

THE compilation of the School Roll of Honour was begun by Dr Macdonald, our late Rector ; but when it was decided, during Session 1916-17, that the work should be extended to include details of service a Committee was appointed to collect and arrange the material. The membership of this Committee has changed with changes in the staff, those who have served on it being Misses Hodge, Lindsay, Lamberton, Nicol and Paterson and Mr Duncan. Mr Gifford acted as Convener of the Committee and has edited the volume.

Enquiry circulars were sent out regarding all of military age whose names were found on the extant admission registers—these went back twenty years—but many had removed from the district and our efforts to trace them were not always successful. We hope, however, that the actual omissions are few.

We thank, cordially, those who answered our later enquiries and furnished us with photographs. In this connection a special tribute of gratitude is due to our Art Masters, Mr Robertson and Mr Dickinson, who arranged the photographs and designed the plates.

The General Roll in this volume contains 700 names—a large number indeed when it is remembered that usually fully half our pupils are girls. Of these 700, rather more than 10 per cent. figure in Roll II. as having earned some mark of distinction, and 107 of them (Roll III.), over one in seven of the total number serving, gave their lives for their King and Country. It is a record of which all connected with the lads themselves or with the School have a right to feel proud.

*March 1920.*

As was announced in a Supplement to the *London Gazette*, dated Saturday, 5th Aug. 1916, the decoration was awarded him "for most conspicuous bravery." "Whilst the near lip of a crater, caused by the explosion of a large enemy mine, was being consolidated, Acting-Sgt. Erskine rushed out under continuous fire, with utter disregard of danger, and rescued a wounded sergeant and a private. Later, seeing his officer who was believed to be dead, show signs of movement, he ran out to him, bandaged his head, and remained with him for fully an hour, though repeatedly fired at, whilst a shallow trench was being dug to them. He then assisted in bringing in his officer, shielding him with his own body in order to lessen the chance of his being hit again." Sgt.-Major Erskine was also awarded the 1914 Star. On arriving at the strong point which he was detailed to garrison, he found it unsuitable, and immediately moved his guns further forward to positions from which they could command the valley where the enemy was expected to counter attack. He got his guns quickly into action against good targets, killing large numbers, and rendering great assistance in breaking up the counter-attack." Later, awarded a Bar to M.C. for good leadership in Italy, during the Battle of the Piave, 27th-29th Oct. 1918. He showed "conspicuous gallantry and devotion to duty during the forcing of a passage across the Martiano River on 29th Oct. 1918. Under cover of the guns the river was forced.
